

**Others make the claim,
but no products destroy skunk
odors like SkunkAway.**

SkunkAway® with Neutralization Factor-7™ is the only product of its kind developed to completely and permanently neutralize skunk odors. Through a proprietary chain reaction, NF-7 disassembles malodors and reassembles them in a new odor-free matrix, eliminating skunk malodors entirely.

Developed for use on pets, clothing, shoes, etc... Spray affected area(s) as soon as possible to destroy noxious skunk spray odor. Keep away from eyes, nostrils and mouth. Soak fur/affected area with mixed SkunkAway solution and let set for 20 minutes. Oxidized Skunk musk may temporarily discolor light fur. Shampoo to remove oxidized material from fur.

- Bleach and solvent free
- Biodegradable
- Non-staining
